

ULTRAFAB H₂S QUICK SIZING GUIDE

The purpose of this document is to gather the information needed to size H₂S mitigation equipment to meet customer requirements. While this form is inclusive, additional questions and/or clarification may be required, necessitating a follow up meeting to provide an accurate quote. This document is non-binding.

Note: Please add and pay close attention to the units.

Please send completed document to: ultrafab@nalco.com
